Democracy – in Raush der Daten - Digitalization has changed society. While data is becoming the "new oil", data protection is becoming the new "pollution control". This creative documentary opens an astonishing inside view into the lawmaking milieu on EU level. A compelling story of how a group of politicians try to protect today's society against the impact of Big Data and mass surveillance.

Alles unter Kontrolle (2015) Facebook, Amazon and Google provide us with around the clock access to the convenient digital world! Surveillance cameras on the streets take care of our security. But who actually collects our fingerprints, iris scans, online shopping preferences, and social media postings? Don't we care about our privacy anymore? In his unique charming and curious way filmmaker Werner Boote travels around the world to explore the "brave new world" of total control. EVERYTHING UNDER CONTROL by Werner Boote (Plastic Planet, Population Boom) - an evocative film about the self-evidence of surveillance. In cinemas 25th of December 2015.
